

Body Buffing Scrub

What is it?

- An all-over body scrub to be used with Body Contouring Crème to soften and smooth skin

Body Buffing Scrub

How does it work?

- Jojoba beads enhance the body's natural process of exfoliation, allowing fresh, smooth skin to emerge
- Gently accelerates your body's natural exfoliation process while invigorating your skin

Body Buffing Scrub

Why is it important?

- After weight loss, some people are concerned about the appearance of dimpled skin
- Using Body Buffing Scrub and Body Contour Crème may help improve the appearance of these problem areas

Body Buffing Scrub Herbalife Unique Solution

- When used consistently for 70 days with Body Contouring Crème, product testing shows you can improve the appearance of dimpled skin¹
- Use with Cell-U-Loss®, a supplement that helps improve the body's fluid balance*

¹ Based on sensory test of product conducted upon 30 women ages 23-45

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
